MEMORANDUM FOR CHAIRMAN, GUIDED MISSILES INTELLIGENCE
COMMITTEE

SUBJECT: Proposed Designation System for Soviet Surface-to-Air
Missile Sites

1. Reference is made to your memorandum dated 8 October 1957, subject "Transmittal of 'Site Designation System for Soviet Surface-to-Air Guided Weapon Sites'".
2. AFCIN-4 recommends that the proposed site designation system be adopted by all members of the community.
3. We reserve comment at this time on the specific predicted and reported coordinate locations, but the general pattern and number of sites is in agreement with our assessment. We reserve comment because recently we have not been following "reported" locations, and have based our analysis on confirmed locations.
4. The contents of this memorandum are classified Secret.
